City and County.

PROPERTY RELEASED.—We are informed that the is that the boxes, although duly stamped as rein the control of the appearance of having been lumbia river route, of from four to six per cent. in ned, and they were seized apparently without any tigation into the facts; but the necessary and presugation and arrived to headters at Washington, the Commissioner of Interd Revenue promptly ordered the property to be surdered to the owner. We are inclined to think ut matters have been conducted rather loosely and and damaged by their arbitrary course, as has Mr. those Federal officials. Notwithstanding the revelaws provide that the officers shall not be liable rany illegal and arbitrary act performed by them nder color of their office, we scarcely think Conss, though claiming supreme powers, can render

melell that the Agency of the First National Bank of this place has shipped, during the week supply of all kinds. at to New York city, over \$50,000 in gold bars. is is from one banking house only. How much aggregate amount of gold shipped from the Basin gring the past week is, we have no data to go by. atif \$50,000 had been shipped in a few weeks from take Pine it would have been heralded in all the gers on the coast as the highest evidence of the est richness of the White Pine quartz. As it is aho making such an exhibit, no notice is taken is probably for the reason that Idaho has shipped much bullion East that it is no new thing to hear. his being about the dullest portion of our mining on, we think it speaks we'll for what some papers "the worked-out placers of Boise Basin."

PENNASSHIP.-We were shown a few days since anan specimen of ornamental penmanship executed L O. Benedict, Esq., of Centerville. It was the miscate of incorporation of the IDAHO WORLD hating Company, which Mr. Benedict kindly volzered to get up in his inimitable style, and we use never seen anything of the kind executed so arsimily as the speciman exhibited to us. It is illuminded with different designs in colored inks and pid and silver foil. The Company tender thanks to 1. Benedict for his kindness, and assure him that is work is fully appreciated.

ham Pesitentiany .- The attention of mechanis and contractors is called to the "Notice to Conrates" in another column, by which it appears out saled proposals will be received at the office of du Superintendent of Construction for building one ring of the Idaho Penitentiary, at Boise City, until BH Friday, the 15th of next month. We predict unthers will be a lively competition and parties esting to put in bids had better make their cacula-

Archos Salk .- We call attention to the notice in miler column of the auction sale which will be held es Friday, October 1st, at which time will be sold, that reserve, the residence of Mr. Luckett, also nepiano forte and a No. 1 sewing machine. Perus desiring bargains will do well to be on hand as It lactett intends disposing of everything preparary to leaving the Basin. Greenbacks taken at par.

Qualitime.-Mr. Kingsley informs us that he remid on Friday a portion of his new stock of boots ni uses direct from San Francisco by Pacific railtak and that they reached Idaho City in just two his from the time he sent his order from here for ien. It is quite a common saying, that if you want article and cannot find it any place else, "go to inpig's; if he has not got it there is none in town."

SUPPLIES FOR LOON CREEK MINES,-Messrs. Vantine & Co., during the latter part of last week, sent a large train of goods to the new diggings, consisting of 110 packs of flour and 50 packs of general merchandise. About the same time a pack train loaded with merchandise for them arrived from Corinne, the goods having been shipped from San Francisco by railroad to Corinne and from there by wagons and pack trains to Idaho City. The 200,000 pounds of freight at Corinne for Idaho, which we noticed in our last issue, were the goods belonging to Messrs. Vantine & Co., who now ship their goods altogether by figure belonging to Mr. Jas. A. Pinney, which were railroad from San Francisco, and we are informed by the Collector of Internal Revenue, about that the total amount of freight on goods shipped by ged by the count amount of freight on goods snipped by the railroad up to the time they are laid down in his trip East, have been released and delivered lidaho City, does not exceed the amount or cost of transportation from San Francisco to Umatilla; makgehington. The pretext given for seizing the cigars ing a difference in favor of the shipment of goods for Idaho City by the railroad, as against the old Co-

coin or bar. IMPROVEMENT .- We notice that Sheriff Britten ha had the court room fixed up preparatory to the meet ing of the District Court in October. The old seats have been taken up and raised on an incline so that persons can see what is going on without standing the matters and the rights of parties by the up. There has been ample room left inside the railing for the attorneys. Mr. Britten has also had the old THE UNDERSIGNED HAS stoop or platform in front of the Courthouse torn mee, we think a verdict of heavy damages from a away and a new and substantial one put up in its per, we make a wholesome change in the conduct place. The house is now arranged so as to insure comfort as well as convenience, and all the county officers, with the exception of the Treasurer and Probate Judge, have comfortable offices in the Courthouse building.

POSTOFFICE BOOKSTORE .- Pinney, at the Postoffice Book Store, keeps constantly on hand all the late GOLD SHIPMENT.—We are informed by Mr. B. M. magazines, papers and pictorials. He keeps the World office under obligations to him for an ample
